

PERFECT PLAYOFF PLAN

Too many Teams, Games, Weeks and Bowls

130 Teams, 12 Regular Season games over 15 weeks and 40 Bowls

The NCAA Division 1A Football Bowl Subdivision (FBS) is fundamentally flawed and can not accomplish the core outcomes that its interested stake holders have demanded,

Undisputed National Champion

and a SAFE College Football sports endeavor that stays true to the Football Traditions.

Student Safety

Academic Success

Fair treatment for all its members

Equal status for every Conference and Team

Then relegated half its members to Cupcake status in the Group of Five Conferences excluding them from an equal opportunity to get into the Playoff and their equal share of the massive revenue from the CFP and TV, wasting everybody's time and frustrating the students, alumni, fans, families and athletes that want any chance at achieving their expectations of inclusion.

The FBS allowed its Schools to play 95 meaningless Patsy Games in 2017 that ballooned the Regular Season to 12 games. Giving them the false argument against a 4 game 16 team Playoff with their claim it would become a 17 game season with too many games. Ignoring an the Perfect Playoff Play with its 11 game season and 4 game playoff with a maximum 15 games for only the two finalists.

There is a way to fix every flaw and achieve every goal, it is the Perfect Playoff Plan. This Plan reduces the excessive numbers of games, weeks, teams and Bowls while raising the 25 Group of Five Teams that have shown their ability to compete at the highest level of College Football to an Equal Status they deserve in a New Football Only Major College Football Division with a 16 Team National Championship Playoff.
