

MAJOR COLLEGE FOOTBALL DIVISION

The BEST, NEXT & LAST Teams

The [Perfect Playoff Plan](#) designed to decide an [Undisputed National Champion](#) on the field of play, requires 11 Conferences with 9 teams each that have [Equal](#) status, size and total strength of programs. These 11 Conference Champions and the 5 best second place teams, with the most wins, will complete the 16 teams Playoff. For fair & equal treatment each team will play 4 home and 4 away conference games.

The 99 team **Major College Football Division (MCFD)** will be divided into 3 Groups based on each team's wins percentage in the last 8 Regular Seasons & their record over the 18 years since the BCS.

Group 1 will be the **BEST** 50 teams with the highest winning percentage from the Power 5 Conferences plus Notre Dame. The group 1 teams will play a total of 6 home games each season.

Group 2 will be the **NEXT** 40 teams including the remaining 15 Power 5 teams and 25 Group of Five teams that won more than 50% of their games the last 8 seasons.

Group 3 will be the **LAST** 9 into the MCFD from the former Group of Five. Each year one team will play 2 away non-conference games vs MCFD teams & 1 home non-conference game vs a former FBS team.

Group 1

Alabama	Florida State	Mississippi	Oklahoma State	Texas
Arizona	Georgia	Mississippi State	Oregon	Texas A&M
Arizona State	Georgia Tech	Missouri	Oregon State	Texas Tech
